The agreement is that you and your Network Operator both accept the National Terms of Connection (NTC) and agree to keep to its conditions. This will happen from the time that you enter into this Agreement and it affects your legal rights. The NTC is a legal agreement. It sets out rights and duties in relation to the connection at which your

Network Operator delivers electricity to, or accepts electricity from, your home or business. **In the case of some non-domestic sites, as further described in the NTC, the NTC provide for the continuing application of site-specific connection terms agreed with a previous owner or occupier of the site. Your Network Operator will be able to tell you whether or not site-specific connection terms exist.** If you want to know the identity of your Network Operator, or want a copy of the NTC or have any questions about it, please write to: Energy Networks Association, 1st Floor, 4 More London Riverside, London, SE1 2AU: see the website at www.connectionterms.co.uk.

9.12. If you reasonably believe that the Meter at the Property is inaccurate and we have appointed the Metering Agent, you may ask us to test it. If you make such a request, we will arrange for the Meter to be tested within a reasonable period of time. If the accuracy of the Meter is found to be within the limits prescribed by the Relevant Laws, you may be charged a Supplier Charge for the test. If the accuracy of the Meter is found to be outside the limits prescribed by the Relevant Laws we will repair or replace the Meter at our own cost and will apply a reasonable adjustment (up or down) to the Charges to reflect the inaccuracy. 11. PAYMENT

11.1. We will, each month or at such other intervals as agreed with you in writing, send you a Bill for the relevant period.

11.2. Subject to clauses 11.3 and 11.4, you must pay the Charges shown on the Bill by the Due Date, including where the Charges are based on an Estimate.

11.3. If you are a Microbusiness Customer, when we send you a Bill, we can only look to recover Charges for the Energy supplied to you in the last twelve (12) months from the date on which we issue you the Bill, unless:

11.3.1. we have already sent you a Bill and are in contact with you about payment of previously billed Charges;

11.3.2. you behave in an obstructive or unreasonable way (for example you do not allow us or agents acting on our behalf to access to your Meter to read it without good reason, physically blocking more than one reasonable attempt to access your Meter, or you are behaving unlawfully by stealing Energy or, where you are responsible for your Meter and you fail to keep it in proper working order); or

11.3.3. any other circumstances specified by the Authority.

11.4. If you are a Small Business Customer or a non-SME Customer, we reserve the right to reconcile and recover Charges for the Energy supplied to you in the last twenty-eight (28) months from the date when we issued you the Bill.

11.5. We will send the Bill to your e-billing account or prepaid post. If you wish to receive paper Bills, a Supplier Charge will be added to each of your Bills.

11.6. We will email you to such e-mail address provided by you from time to time to inform you that the Bill is available to be viewed on your e-billing account. You will provide us with an email address for this purpose and notify us of any changes to your email address. If an e-billing account is used, you will keep your password secure and confidential. We may close your e-billing account at any time without notice if we have reasons to believe that the account is being accessed or used in an unauthorised manner.

11.7. We may at any time set-off any sums you owe to us now or in the future under the Agreement against any monies we owe to you under the Agreement or any other agreement between us. If after the set-off any amount is left to be paid to you, such remaining amount will be paid to you through your e-billing account

over the course of the term of the Agreement. If we exercise such set off rights, this does not limit any other rights or remedies available to us if you have breached the terms of the Agreement.

11.8. If we receive a compensation payment from a Network Operator relating to a loss of supply you have suffered or as a result of the acts or omissions of such Network Operator (as applicable), we will pass such compensation payment through to you as soon as reasonably practicable. Without prejudice to our general set off rights set out in clause 11.7, we will not set off any such amounts due to you against any amounts due from you to us under the Agreement or otherwise.

11.9. We will create your direct debit mandate within ten (10) days from the date you contact us to do so. Save for our fault, if we are unable to create your direct debit mandate, you will lose any applicable payment method discounts.

11.10. If you pay by fixed direct debit, the first payment will be taken on or around the tenth (10th) day of the month. Ongoing direct debit payments will be taken on or around the same day of each month as the first payment. We reserve the right to increase or decrease the amount of fixed direct debit billed to you within a reasonable margin, depending on shifts in your usage patterns.

11.11. If you pay by variable direct debit, payment will be debited from your account on or around the Due Date.

11.12. If you pay by electronic transfer or debit/credit card, cleared funds must reach us by the Due Date and payment must be correctly referenced. If we are unable to identify your payment because of your failure to correctly reference it, we may treat it as non-payment and take steps in accordance with clause 11.16.

11.13. You must make sure that there is enough money in your account to cover any amount invoiced by us under the Agreement. If you cancel your direct debit without prior notice before we can collect any payment due:

11.13.1. you must contact us immediately to confirm your new payment method; and

11.13.2. you will lose any applicable payment method discounts.

11.14. If you disagree with the Charges, you should contact us immediately to submit a Meter Read and provide any evidence (such as photographs) as required. You must still pay the Charges shown on the Bill by the Due Date. Failure to do, will result in us taking steps in accordance with clause 11.15. Following our investigation, any debits or credits will be reconciled in the following month's Bill. Your obligations under this clause 11.14 apply even if you appoint a third-party agent to provide bill processing or validation services. We will cooperate reasonably and in good faith to resolve such dispute as soon as is reasonably practicable.

11.15. If you do not pay the Charges by the Due Date, we will be entitled to take any of the following steps:

11.15.1. charge you interest on the overdue amount at the rate prescribed by the Late Payment of Commercial Debts (Interest) Act 1998 (which is eight (8) per cent above the Bank of England base rate);

11.15.2. charge you an administration fee in accordance with the Late Payment of Commercial Debts (Interest) Act 1998;

11.15.3. demand payment of all unpaid Bills under the Agreement which will be deemed to be immediately due and payable;

11.15.4. disapply any discounts previously agreed in respect of your preferred method of payment;

11.15.5. change the method by which you pay. This may include changing your payment method to prepayment;

11.15.6. charge you reasonable expenses, as per the Supplier Charges Schedule, incurred in obtaining the money owed to us under the Agreement, including costs associated with disconnecting, reconnecting, or replacing the Meter (as applicable);

11.15.7. require you to make an Advance Payment or pay the Charges for each month in advance based on our Estimate for that month;

11.15.8. pay a performance bond, in an amount which we reasonably determine to be the approximate value of three (3) months' supply of Energy;

11.15.9. require you to pay us a deposit in an amount equal to our estimate of our likely exposure to you under the Agreement (in which case title to such amount will vest in us, but we will pay you an equal amount after the payment of the final Bill following the expiry or termination of the Agreement) (subject to any amounts deducted by us in settlement of Overdue Charges under the Agreement); and

11.15.10. pass information relating to you onto a credit reference agency.

11.16. If you have difficulty paying the Charges, you should contact us immediately. We will discuss your payment method options and try to help in line with our policies.

11.17. In the event of continued non-payment, we may refer you to our partner debt collection agency and reserve the right to charge you the cost of recovering any Overdue Charges as well as the cost of collection.

11.18. If the Services comprise the supply of both electricity and gas:

11.18.1. if the Agreement ends for one of such products, the Agreement will remain in full force and effect in respect of the other product which continues; and

11.18.2. if you make a payment to us but do not notify us of the part of the Services that such payment relates to, we will apply such payment in the following order of priority:

11.18.2.1. in full or partial payment of invoices for Services which have been overdue for payment for 90 days or more (paying the oldest invoice first);

11.18.2.2. in respect of any remaining balance, in full or partial payment of overdue invoices for electricity and gas in equal proportions; and

11.18.2.3. in respect of any remaining balance, in full or partial payment of any other amount due for payment by you to us under or in connection with the Agreement.

11.19. If at any time during the term of the Agreement we receive credit reports which we are not satisfied with, we may ask for an Advance Payment or an increase in the Advance Payment.

11.20. If you are required to make an Advance Payment during the term of the Agreement, the Advanced Payment will be reconciled as part of a Bill issued to you in the final month of the Agreement.

12. TERMINATION OF THE AGREEMENT

12.1. If you:

12.1.1. enter into a fixed term agreement with us for the supply of Energy, we will terminate the Agreement on the day immediately before the start date of your new fixed term agreement; or

12.1.2. switch to another supplier which becomes your Responsible Supplier, we will terminate the deemed Agreement on the Loss Date.

12.2. For the avoidance of doubt you are not required to:

12.2.1. serve a termination notice to terminate the Agreement;

12.2.2. pay a termination fee if you elect to complete a Supply Transfer to an alternative Responsible Supplier.

12.3. In the case when you are leaving the Property, we will terminate the Agreement on the date determined in accordance with clause 13.1.

12.4. We may terminate the Agreement in full or in part at any time by giving you written notice:

12.4.1. in accordance with clause 13;

12.4.2. if the Property is disconnected in accordance with clause 14;

12.4.3. if we serve you with written notice because you stop trading or you are deemed in accordance with law to be unable to pay your debts, or any legal proceedings or other steps are taken in relation to your winding-up or liquidation, the appointment of a liquidator, receiver, administrator, administrative receiver or similar officer in respect of you or your assets, a composition, assignment, or arrangement with your creditors; or

12.4.4. if our Relevant Licences are revoked, or the Authority makes a Supplier of Last Resort Direction to another supplier.

12.5. If we terminate the Agreement in accordance with these Terms and Conditions, we will inform you of the end date.

12.6. Following the ending or expiry of the Agreement, we will prepare a final Bill for you, setting out all remaining Charges that are owed to us by you. We may need a final Meter Read for this.

12.7. The ending or expiry of the Agreement for whatever reason will be without prejudice to your and our rights and remedies which have accrued prior to the end or expiry of the Agreement.

12.8. Such ending or expiry will also be without prejudice to the continuing validity of any provision of the Agreement which expressly or by implication is intended to come into or remain in force on or after the end or expiry of the Agreement.

13. MOVING

13.1. If you are leaving the Property, you must give us notice in writing no later than seven (7) calendar days after the date when you vacate the Property. If you give us notice in accordance with this clause 13.1 we may, at our discretion, terminate the Agreement effective from the date when you have vacated the Property instead of the date when you gave us notice.

13.2. If you fail to give us notice in accordance with clause 13.1 or we deemed that you have not moved:

13.2.1. you will be liable to pay a Supplier Charge; and

13.2.2. the Agreement will continue in full force and effect until we terminate it.

13.3. In all circumstances, you will be liable to pay all amounts payable to us under or in connection with the Agreement.

13.4. If you fail to give us an accurate Meter Read as at the date upon which you vacate the Property, we may apply a reasonable estimate of such Meter Read for the purposes of raising a final Bill, provided that in such circumstances you will be liable to pay such additional Charges as may be calculated by reference to the next following physical Meter Read.

14. DISCONNECTIONS

14.1. Where we intend to disconnect the supply of Energy to a Property in accordance with these Terms and Conditions, subject to Relevant Laws, we will serve a written notice of our intention to disconnect the supply of Energy to the relevant Property in accordance with our obligations under the Relevant Laws and Relevant Licences.

14.2. We may temporarily disconnect, or request that the Network Operator permanently disconnects, the supply of Energy, subject to Relevant Laws, if:

14.2.1. you do not pay any amount due and payable for the supply of Energy as required by the Agreement by the applicable Due Date;

14.2.2. you request us to disconnect the supply, whether on a temporary basis for any reason (for example, if the Property is subject to renovations) or a permanent basis for any reason (for example if the Property is being demolished);

14.2.3. you are in breach of clause 4.2, 4.3 or 4.4;

14.2.4. you commit a material breach of the Agreement;

14.2.8. we are obliged to disconnect the Property under the Relevant Laws or Relevant Licences.

14.3. If the Property has been temporarily disconnected, you may still be liable to pay a Standing Charge.

14.4. If the Property has been disconnected, we may terminate the Agreement by giving you written notice in respect of the disconnected Property on the date of the relevant disconnection, provided that:

14.4.1. such termination is without prejudice to any antecedent rights and obligations you or us may have; and

14.4.2. the Agreement will continue in full force and effect in respect of any part of the Services which are not disconnected.

14.5. If all or any part of the Services have been temporarily disconnected in any of the circumstances set out in clause 14.2 and you have rectified the applicable default to our satisfaction, if requested by you to do so, we may agree to reconnect the applicable part of the Services. We will not be liable to you for any loss you may suffer as a result of the disconnection or any delay in reconnecting the applicable part of the Services.

14.6. You may be entitled to a compensation if we disconnect the supply of Energy to you in error.

14.7. You agree that we and our designated agents may need to access, and you will provide access to (or obtain permission for us to access), a Property for the purposes of disconnecting the supply of Energy to that Property. You also agree that we may disconnect the supply remotely if the Meter allows for this.

14.8. If the Energy supply to the Property is disconnected because of something you have done or omitted to do, you will be charged a Supplier Charge for disconnection and reconnection.

15. LIMITATION OF LIABILITY

15.1. We are only legally responsible to you to the extent expressly set out in these Terms and Conditions. We have no other duty or legal responsibility to you. 15.3.4. Without prejudice to the foregoing, we will pay any compensation provided by the Network Operator as a result of such events as further set out in clause 11.8.
